COOLING TECHNOLOGY - CLIMTEX

Climtex is a brand specializing in components for cooling systems, air conditioning, as well as air and fuel systems. It offers a wide range of parts for passenger cars and light commercial vehicles, combining proven quality with attractive pricing. Since 2026, the brand has held the status of Premier Data Supplier (PDS) in the TecDoc catalog, which confirms the high quality of its product data. Climtex products are manufactured in certified production facilities and serve as a solid alternative to premium-class solutions. Currently, the Climtex brand encompasses over 3,000 items, and the list continues to expand
