MERTZ AUTOTEILE

DURABILITY

QUALITY

PRECISION OF WORKMANSHIP

*The MERTZ product range addresses the automotive market's demand for high-quality components at competitive prices. Mertz steering and suspension parts—including drive shafts, steering gears, and steering knuckles—offer superior performance and ensure the highest level of safety. Our extensive portfolio, comprising over 3,500 individual items, is consistently available for the majority of vehicle models found on the European market.*
